A ROLE MODEL FOR THE NOT-SO-AVERAGE FAMILY.

Ever notice how some people just know how to have more fun? Go places others only read about? Do things others wouldn't, not even in their wildest dreams? Now notice what some of those same families are driving: The Hyundai Santa Fe. It's no coincidence, of course. We designed the 2015 Santa Fe to feed your spirit of adventure a gourmet meal of versatility, luxury, safety and security.

It starts with versatility. Santa Fe takes a spacious interior with room for up to seven (featuring 40/20/40 slide-and-recline rear seating) and wraps it inside a dynamic shape our designers call Fluidic Sculpture. Under the hood, Santa Fe offers a choice of three engines that combine robust power with remarkable fuel efficiency.

Available premium features include a panoramic sunroof, heated and ventilated front seats, second-row captain's chairs, LED taillights and 19-inch alloy wheels. New for 2015 is a hands-free Smart Liftgate with auto-open.[1]

An exceptional level of standard safety includes seven airbags and a host of advanced electronic traction, stability and braking enhancements.[2] It's topped off by a suite of Hyundai Assurance services and benefits that includes the enhanced safety and car care features of Blue Link® Connected Care.[3]

SANTA FE GLS Ultimate Package in Circuit Silver / SANTA FE SPORT 2.0T Ultimate Package in Serrano Red

[1] Standard on Santa Fe Limited and Sport 2.0T models, available on GLS and Sport models. [2] The Supplemental Restraint System (SRS) is designed to work with Santa Fe's 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag. [3] Blue Link Connected Care includes one year of the Blue Link Connected Care Package and requires an active Blue Link subscription. One-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage is required. Blue Link is available on most new Hyundai vehicles. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit Hyundai.com or your authorized Hyundai dealer.

PLENTY OF PULL Santa Fe V6 models come standard with a trailer prep package and towing capacity of 5,000 pounds. So if your idea of adventure involves towing some toys along for the ride, no worries – Santa Fe's 290-horsepower, 3.3L Gasoline Direct Injection V6 engine won't break a sweat getting you to playgrounds near and far.[1]

ENJOY THE CLIMATE Slide back the available panoramic sunroof stretching over the first and second row of seats, and open the interior to a wide swath of sunny or starry skies. Set the desired cabin temperature, and automatic temperature control with a CleanAir Ionizer and AutoDefogging System takes care of the rest.

SANTA FE GLS in Circuit Silver

2015 Santa Fe

THREE ROWS. SEVEN PASSENGERS. NO UNHAPPY CAMPERS.

The Hyundai Santa Fe offers optimal passenger capacity without sacrificing cargo room. Its generous wheelbase accommodates a third row of seating, creating an adventure vehicle for up to seven passengers. Choose Santa Fe Limited to add leather-clad captain's chairs in place of the GLS model's second-row bench seating.

Ready to climb aboard? Getting to the third-row seats is easy, thanks to a second row that folds and slides forward. Santa Fe surrounds everyone with available features that suggest a crossover utility vehicle doesn't have to feel utilitarian.

There are rear side-window sunshades and heated rear seats, a heated steering wheel expertly wrapped in leather, and an available panoramic sunroof – just to name a few.

Updates to Santa Fe's Motor Driven Power Steering translate into a smoother, more precise and more responsive feel behind the wheel. You can even choose the amount of power assistance you want. For a more engaging steering response, select Sport mode. Prefer a more relaxed tone? Set it to Comfort mode. It's a degree of personalization designed to ensure that the driver of a Hyundai Santa Fe is the happiest camper of all.

[1] Refer to the Santa Fe Owner's Manual for proper towing use.

ACTIVE CORNERING CONTROL AWD The 2015 Santa Fe is available with a next-generation AWD. Coupled with the retuned suspension, it improves lateral stability in turns and helps remove unintended oversteer or understeer for maximum traction and control in dry, wet or snowy driving conditions.

AWARDS AND ACCOLADES Santa Fe is the 2014 *Cars.com/USA Today/MotorWeek* "3-Row SUV Challenge" winner, *MotorWeek's* "2014 Driver's Choice Award" winner for large CUVs, and *U.S. News & World Report's* "2014 Best Car for the Money" among 3-row midsize SUVs.

TOP SAFETY RATING Santa Fe Sport achieved the highest safety score – a 5-Star Overall Safety rating – from the National Highway Traffic Safety Administration.[3] Technologies like Vehicle Stability Management, Hillstart Assist and Downhill Brake Control are part of Santa Fe's standard safety engineering.[4]

SMARTER STEERING For a more personalized feel behind the wheel, Santa Fe Sport is the first CUV to feature Driver Selectable Steering Modes. It allows you to choose your preferred mode of power steering (Comfort, Normal, or a retuned and enhanced Sport mode) via a button on the steering wheel.

SANTA FE SPORT 2.0T Ultimate Package in Serrano Red

2015 Santa Fe Sport

TAKE YOUR FAMILY TO A FIVE-STAR RESORT.

Looking for a spacious, versatile five-passenger crossover vehicle with cavernous cargo room that isn't overburdened by bulk? Find your way to Santa Fe Sport, which also surrounds your family with some of the latest advances in safety engineering. Standard features like Daytime Running Lights, heated power mirrors and a driver's blind spot mirror (to name just a few) help you avoid accidents in the first place.

So relax and have a good time. It's easy, thanks to a versatile configuration that offers the passenger room and cargo capacity you need – up to 71.5 cubic feet – along with the responsive handling and acceleration you want.

Santa Fe Sport comes standard with one of the most powerful 4-cylinder engines in its class.[1] A Gasoline Direct Injection 2.4L engine delivers 190 horsepower with an EPA-estimated 27 MPG highway rating.[2] Want even more power? The Santa Fe Sport 2.0T features twin-scroll turbocharging. It cranks out 264 horsepower, a figure normally found only in a V6. Yet it sips fuel, achieving an EPA-estimated 25 MPG highway rating.[2]

[1] Class-leading comparison based on a 4-cylinder CUV competitive set defined by Hyundai Motor America, which includes 2014 Chevrolet Equinox, Dodge Journey, Toyota Venza and Honda CR-V models. [2] EPA estimates reflect front-wheel drive transmission and are for comparison only. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. [3] U.S. government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (safercar.gov). [4] Vehicle Stability Management (VSM) cannot control your vehicle's stability under all driving situations. VSM is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether VSM can help prevent loss of control. Please see the Santa Fe Owner's Manual for details.

SMARTER SEATING Santa Fe Sport and GLS adapt easily to cargo or kids. Flip the 40/20/40 split-fold second-row seats down to create whatever configuration works best. An available sliding function adds even more versatility by making room for an additional passenger or skis and snowboards.

SMARTER ACCESS Santa Fe knows your life's a handful, literally. With available features like proximity key entry and a new hands-free Smart Liftgate with height-adjustable auto-open (to accommodate low ceilings) it's clear our 2015 Santa Fe offers a smarter way to get in...and get going.

SANTA FE SPORT **2.0T GDI 4-CYL**

264 HP

WE'VE GOT YOUR BACK Santa Fe's available 4.3-inch touchscreen audio and 8-inch navigation systems feature a rearview camera that displays views from behind the vehicle. Guidelines on the screen help you judge distances and direct you through tricky turning maneuvers or into tight parking spaces when backing up your Santa Fe.

VISIONARY TECH An available Rear Parking Assistance System uses warning sounds to help you back into parking spaces. Santa Fe's Blind Spot Detection System with Rear Cross-traffic Alert and Lane Change Assist alerts you to potential hazards using radar sensors that serve as eyes in the back of your head.[3]

SANTA FE LIMITED Ultimate Package in Beige Leather

Santa Fe Technology

IT'S TIME YOU HAD A TALK. WITH YOUR CAR.

Voice recognition technology makes it easier to drive without distraction. The 2015 Santa Fe's available 8-inch touchscreen navigation system responds to voice commands that include street addresses and city names all spoken in one sentence. The large color screen displays not only your route and next three maneuvers, but the posted speed limits as well. NavTraffic® is also onboard, offering updates on traffic conditions, accidents, construction and road closures.[1]

Santa Fe also comes standard with Bluetooth® integration. Simple voice commands let you make hands-free calls from your compatible smartphone. You can also download your phonebook and stream music from your smartphone to your Hyundai's audio system.

But enough talk – it's time you listened. Santa Fe's audio choices include an available 4.3-inch color touchscreen system, a Dimension® 10-speaker system, and a 550-Watt Infinity® Logic 7® Surround Sound premium audio system with 12 speakers. You can tune into the high-fidelity sounds of HD Radio™ and diverse channel choices of available SiriusXM® Satellite Radio, or enjoy your own playlist by plugging your iPod® or compatible MP3 player into Santa Fe's standard USB port.[2]

[1] All SiriusXM services require a subscription, sold separately by SiriusXM after a free 3-month trial period. Fees and taxes apply. All fees and programming are subject to change. Sirius, XM, NavTraffic and all related marks and logos are trademarks of Sirius XM Radio Inc. [2] The HD Radio, HD Digital Radio and HD Digital Radio Alliance are wordmarks and trademarks of iBiquity Digital Corporation, used under license by the HD Digital Radio Alliance. iPod® is a registered trademark of Apple Inc. [3] Standard on Limited and Sport 2.0T, available on GLS and Sport models. [4] Blue Link app screen pictured here subject to periodic updates. Only use Blue Link and corresponding devices when it is safe to do so. Blue Link is available on most 2014-2015 Hyundai vehicles. Blue Link subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com. [5] Remote Vehicle Start is only available for push-button start equipped vehicles with an automatic transmission. Not available on all models.

BLUE LINK Our award-winning telematics offer innovative infotainment, safety and car care services accessible through in-vehicle, Web or the smartphone app. Search for points of interest using voice commands, access Monthly Vehicle Health Reports, get Enhanced Roadside Assistance, and more.[4]

"NO SWEAT" TECH A mobile app lets you lock, unlock and start your Santa Fe remotely using your smartphone. Teenager borrowing the car? Geo-Fence, Speed and Curfew Alert features let you rest easy. If your Hyundai is stolen, Blue Link can help you locate it. For details, visit HyundaiBlueLink.com.[5]
